

My Dear Readers,

Below you will find a summary of the content the following persons and institutions have been provided with on 7th of December 2013:

to:

1. The President of the Wrocław district Court
2. The President of the Wrocław Chamber of Attorneys
3. The Head of Wrocław District Prosecutor's Office

the body of the letter:

### VERY URGENT

Reg. case: file ref. no. VI Ds-94/12

Subject matter: Release from custody the Vice President Dagmara Natkaniec, and, release of all documents of SAIF A.G. Switzerland Wrocław Branch.

#### DEMAND 1

We request upon the President of the Wrocław District Court that this letter be forwarded to the judge to be in charge of the court session on releasing Dagmara Natkaniec, to be held on 10<sup>th</sup> of Dec. 2013.

#### DEMAND 2

We require that Dagmara Natkaniec be protected by police once released from custody, according to the Polish Constitution Act.

#### DEMAND 3

All recipients of this letter are to be informed about DA Kaleciński's tendency to escape responsibility blaming his superiors for the actions conducted by himself.

#### DEMAND 4

We require that the following evidence be acknowledged:

- copy of art. 180 of the Tax Code;
- copy of the Defendants' demands of 15 Nov. 2013.

Art. 180 of the Polish Tax Code is to be observed by all including:

- Prime Minister Donald Tusk
- Finance Minister M. Szcurek
- Court of Justice
- DA Piotr Kaleciński.

Art. 180 provides that tax payees do not commit the crime of avoiding paying taxes, should they be willing to pay taxes when overdue.

## DEMAND 5

We demand that D. Natkaniec be immediately released, that documents of SAIF A.G. be handed back, and, that our business premises may operate again.

It is to be noted that we shall request responsibility for unlawful imprisonment of the Vice President of SAIF A.G., for our staff being force interrogated at gun point, and not allowing any attorney of ours to be present during down raid and following questioning.

Notifying of the above violations shall be submitted at the EU Committee in Brussels and General Prosecutor's Office in Germany, which notification shall be officially published worldwide by independent media.

We also request that Dagmara Natkaniec be treaded allowing for her being mother, and, her parents undergoing serious health problems. Should they they suffer from more serious consequences, judges, attorney, and others in question shall be held responsible by more supreme courts.

We currently have the entire story voiced by international media, with providing details of DA Kaleciński's violating the Polish Code of Law, and his breaking human rights in Poland. Moreover. Kaleciński will be held responsible for breaking Internatiol Law not observing the edict issued by the German DA stating K.u.K. GmbH and all his Polish Branches' transparency after 3-year scrutiny conducted in the years 2011, 2012, 2013 by German Law Enforcement Bodies.

Here, Kaleciński ventured a personal vendetta infringing international law ordering a down raid without any warrant, whatsoever, resulting in brutally arresting and jailing innocent personnel of our business entities in Poland, not mentioning unlawful seizing of assets, and freezing of our accounts making international operations impossible.

Kaleciński is calling our Berlin HQ the 'heart of crime' even further offending not onl;y German businessmen, but Important German Stateliness's.

We are prepared to pay the overdue 120 million of Zlotys, in exchange of which we believe we deserve JUSTICE.

Very Truly Yours

Zdzisław Kmetko
